

Biography: Marie Mercado, P.E.
Air Permits Division
Texas Commission on Environmental Quality

Current Position

Marie is a senior project manager for the Emissions Banking and Trading (EBT) Programs.

Prior Experience and Education

Marie graduated from the University of Texas at Austin in 2002 with a Bachelor of Science degree in Civil Engineering. Upon graduation, she worked for the Texas Department of Transportation (TxDOT) Design Division as an engineering specialist. In 2006, she joined Lockwood, Andrews and Newman, Inc., before returning to work for TxDOT North Austin Area Office in 2007. She became a licensed professional engineer in 2008. In 2009, she began working for the Texas Commission on Environmental Quality Critical Infrastructure Division in the Dam Safety Section. She joined the EBT Team in 2011. In her current position, Marie is responsible for reviewing applications submitted for the various EBT Programs. Marie has approximately ten and a half years of experience with the EBT Programs.
